COMMUNITY MENTAL HEALTH TRAINING AND TECHNICAL ASSISTANCE- CHILD AND ADOLESCENT MENTAL HEALTH PROVIDERS

The Department of Behavioral Health and Developmental Disabilities is pleased to offer training and professional development opportunities for the providers of outpatient and residential community-based behavioral health services for children and adolescents. Providers will be able to learn about best practices, outcome achievement, strategies to assist in treatment interventions, hear from peers, and understand expected treatment outcomes for target populations. See attached agenda.

Participants will:

- Learn data collection strategies and how the use of data can serve to increase the quality of services provided.
- Become familiar with the substance abuse and mental health Clubhouse Models and their efficacy for supporting youth in recovery.
- Learn about Medicaid Redesign and Healthcare Reform in Georgia and how these processes impact access to services.
- Learn about the Psychiatric Residential Treatment Facility Model and its efficacy with the child and adolescent SED population.
- Increase their understanding of System of Care, how it is implemented in the State of Georgia, and how a System of Care approach increases the quality of services provided.
