Introduction

Thank you for your interest in applying for a position within the Georgia Department of Behavioral Health and Developmental Disabilities (DBHDD) provider network. DBHDD requires certain applicants to complete a fingerprint-based, background check in accordance with DBHDD Policies 04-104, 04-111, 22-504, or 22-505. Follow the instructions in this guide so the DBHDD Background Check System ([CheckPT](#)) can process your request.

Registration

You are required to create an account with CheckPT to complete the application process. This account will allow you to view and manage your application and see your eligibility determination.

Navigate to the Applicant Login Page for [CheckPT](https://dbhddcheckpt.com/) (<https://dbhddcheckpt.com/>). Select **“Applicants”**.

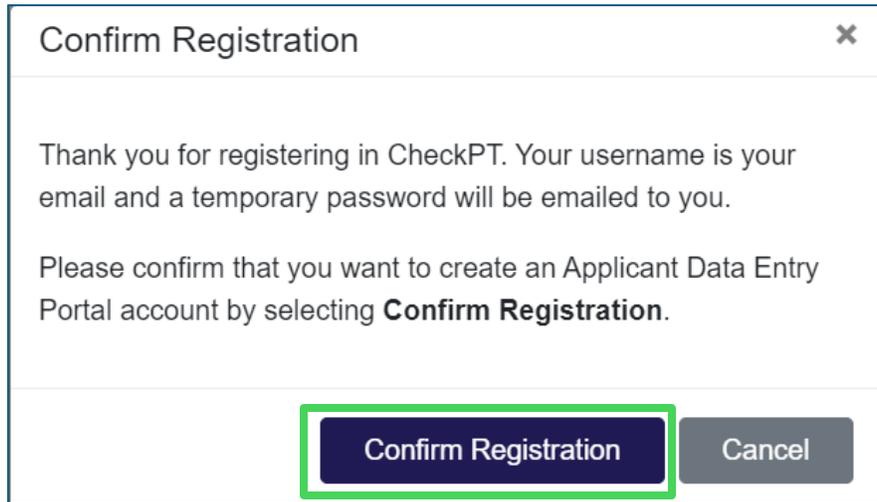

Select **“Register as a new user”** if this is your first-time logging into CheckPT.

If you have previously created an account in CheckPT, please skip to the **Create a New Application** section of this user guide.

Enter your information into the boxes. All boxes marked with an asterisk (*) are required. Once all your relevant information has been entered, select **“Register”** to move to the next page.

You will see a pop-up that confirms your registration, select “**Confirm Registration**” to complete the registration.

After confirming registration, you will see a confirmation page. Select the “**Back to Login page**” link to navigate back to the Login page.

If you receive an error message because your email has already been used to register, login to CheckPT and skip to the “**Create a New Application**” section of this user guide.

You will receive an email with a temporary password. The email will be sent to **the email address you entered** when you registered in CheckPT. Use your email address as your username and the temporary password to log in.

You can now log into DBHDD CheckPT UAT. This is a secure website that can be accessed at: <https://dbhddcheckpt.com/applicant>. In order to login, you must enter an Email and Password. Your auto-generated password is listed below.

Password: **RzTERG5\$**

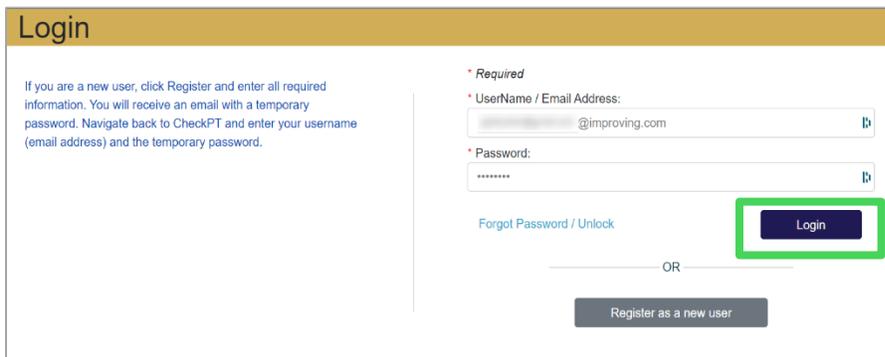

When you log into the system the first time, you will be prompted to change your password. For additional assistance, please contact your hiring agency.

Note: It is recommended that you do **NOT** copy/paste the temporary password. Incorrect special characters and extra spaces will cause the system to see it as the wrong password and possibly disable your account. Please reach out to the hiring provider if you need assistance to change your password. **DO NOT** register for a new account.

Login

Log in using your email address as your Username and the temporary password you received in the email. Select “**Login**”.

The screenshot shows the 'Login' page of the CheckPT system. It features a header with the word 'Login' in a gold bar. Below the header, there is a blue box containing instructions for new users. To the right, there are two input fields: 'UserName / Email Address' and 'Password'. The 'Login' button is highlighted with a green box. Below the input fields, there is a link for 'Forgot Password / Unlock' and a button for 'Register as a new user'.

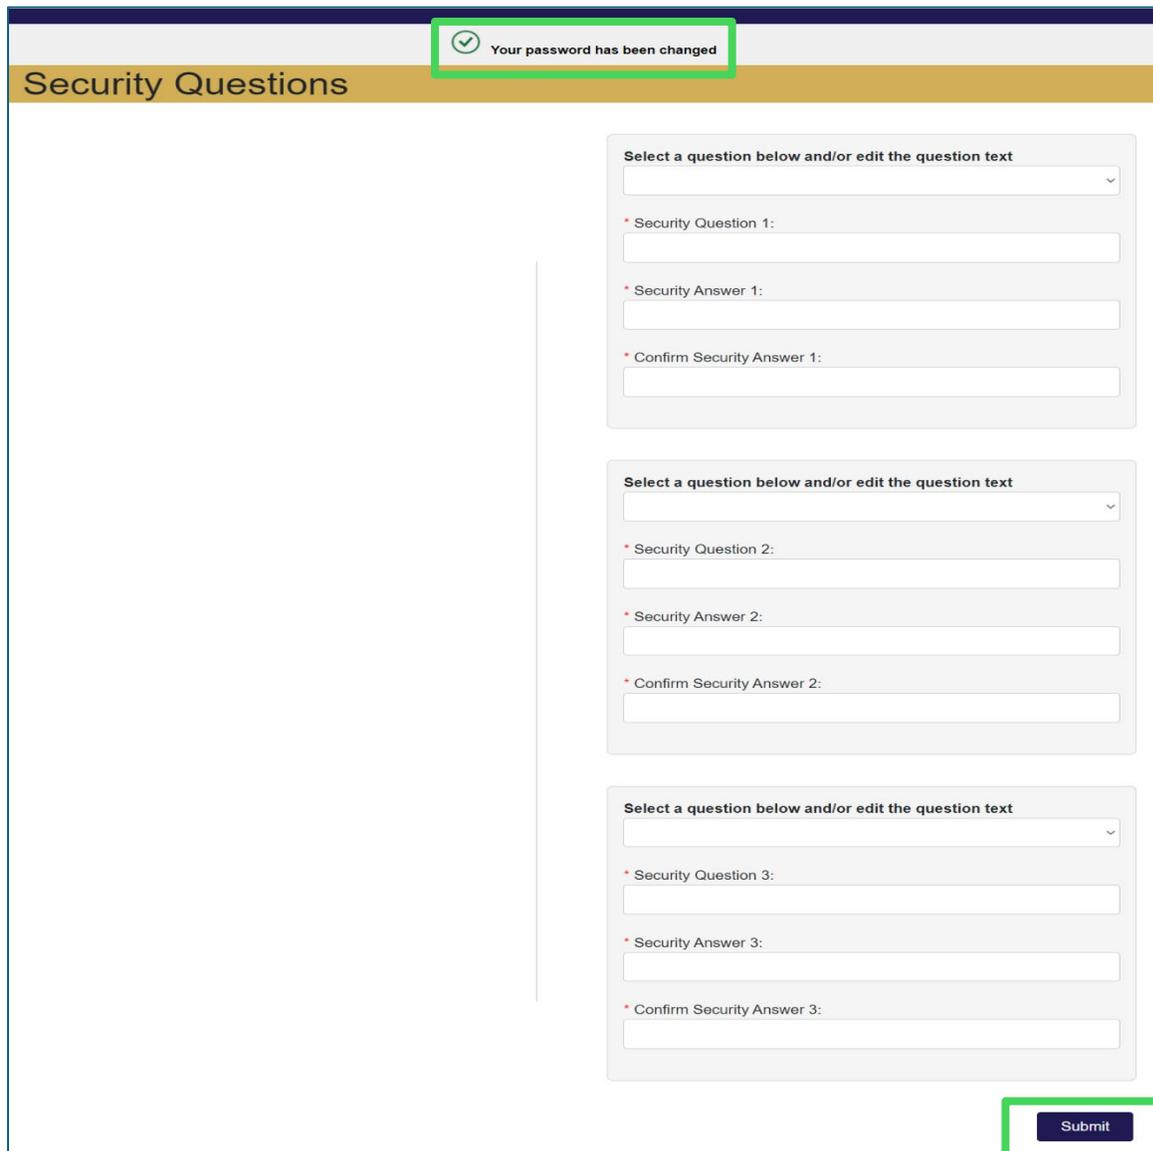

Read the Terms and Conditions. Select the “**I accept the Terms and Conditions of the End User License Agreement**” checkbox and then select the “**Accept**” button.

The screenshot shows a dialog box titled "Terms and Conditions" with a yellow header. The main text reads: "The User agrees to hold DBHDD harmless for any damages, direct or indirect, and free of liability of any kind with regard to any and all information obtained through the use of this service. DBHDD shall not be responsible for the accuracy of information nor has any liability for defamation, invasion of privacy, negligence, or any other claim in connection with any dissemination of information or determination based thereon. Furthermore, in no event will DBHDD be liable to you for any third party loss of profits, lost data, interruption of business or special punitive, indirect, incidental or consequential damages of any kind arising out of the use or inability to use the registry and background check system or any information supplied therewith, or for any claim by any other party even if DBHDD has been advised of the possibility of such loss or damages, are foreseeable." Below this is a smaller line of text: "By clicking the checkbox (I accept the terms and conditions of the End User License Agreement) below, I acknowledge and confirm that I have read, understand, and accept the terms and conditions as stated in the End User License Agreement." At the bottom left, there is a checkbox with a blue checkmark and the text "I accept the Terms and Conditions of the End User License Agreement." At the bottom right, there are two buttons: "Cancel" and "Accept". The "Accept" button is highlighted with a green border.

Change the temporary password to a password of your choice. The security rules for the new password are listed on the left side of the page. Your new password **MUST** follow **ALL** the rules listed. Once you have entered your password, select “**Change Password**”.

The screenshot shows a form titled "Change Password" with a yellow header. On the left side, under "Password Rules", there is a list of requirements: "Must be 8 - 16 characters.", "One or more uppercase letters.", "One or more lowercase letters.", "One or more numbers.", "One or more special characters.", and "Cannot reuse prior passwords." On the right side, there are three input fields: "Current Password:", "New Password:", and "Confirm Password:". Each field has a small icon on the right side. At the bottom right, there is a "Change Password" button highlighted with a green border.

If your password is accepted, you will be directed to the **Security Questions** page, and you will see a banner at the top of the page that says, “**Your Password has been changed**”. On this page, you will select three security questions to answer. You can either select one of the prompted questions or write your own. Enter your answer to the selected question and then confirm your answer in the next box. Once you have completed all three questions and answers, select “**Submit**”.

The screenshot displays the 'Security Questions' page. At the top, a green-bordered banner contains a checkmark icon and the text 'Your password has been changed'. Below this is a yellow header with the text 'Security Questions'. The main content area features three identical form blocks stacked vertically. Each block starts with a dropdown menu labeled 'Select a question below and/or edit the question text'. Below the dropdown are three input fields: 'Security Question 1:', 'Security Answer 1:', and 'Confirm Security Answer 1:'. The same structure is repeated for questions 2 and 3. At the bottom right of the page, a dark blue 'Submit' button is highlighted with a green border.

You will be navigated to the **CheckPT Home Page**.
