

## Mental Health Resiliency Support Clubhouses

Our Mental Health Resiliency Support Clubhouses seeks to support children and families coping with isolation, stigma, and other considerations associated with mental health disorders. The clubhouses provide educational supports, employment services, peer support, family engagement, social activities, and other initiatives geared to engage youth and assist them in managing symptoms. <https://dbhdd.georgia.gov/be-supported/mental-health-children-young-adults-and-families>
