

Preparing the Front Line to Respond to the Opioid Crisis

DBHDD

SAVE THE DATE Community Leaders!!

Tuesday, August 24, 2021
8:30 am – 3:30 pm

The Georgia Department of Behavioral Health and Developmental Disabilities, Office of Addictive Diseases in collaboration with the Behavioral Health Regional Services Administrators are excited to host a **FREE** online training for community Leaders.

Training Topics:

Addiction as a Brain Disease - An overview of the “anti-reward brain system” and the reason that a substance use disorder causes a detaching effect on human bonding will be included in this seminar.

Administration of Naloxone - training and education for the use of Naloxone and promote overdose reversal.

Treatment and Recovery Support Agencies – Participants will learn about the different services offered by the treatment and recovery providers in their area.

(POST Credits will be available for those who qualify)

(Approved EMS workers will be eligible to receive CEs for these training courses)

Registration is Now Open: <https://cvent.me/Gzlg7W>
