

FBA Checklist ...Is the assessment complete?

Reason for referral

- What is the reason for referral?
- Is background information included?
- Socially significant behaviors?

Operational definition

- Target behaviors defined in specific, observable and measurable terms?

Indirect Assessment

- Record review described?
- Key individuals interviewed, including individual (when possible)?
- Visual display of results, if relevant?

Direct Assessment

- Challenging behavior observed? Notes any behaviors that were reported to occur, but not observed?
- ABC ([Antecedent-Behavior-Consequence](#)) data?, Are common antecedents and consequences identified?

Communication

- How does the learner communicate?
- Are strengths and weaknesses addressed?
- Skill assessment conducted and described?

Hypothesized function

- Hypothesized function included for each behavior?
- Appear to be assessed separately rather than grouped together?
