## Georgia SOC State Plan – 5 Focus Areas

#### SOC Plan Development: Areas of Influence / Goals

#### **EVALUATION**

#### **ACCESS**

Provide access to a family-driven, youth-guided, culturally competent, and trauma-informed comprehensive SOC.

#### **Funding / Financing**

Utilize financing strategies to support and sustain a comprehensive, community-based, family-driven, youth-guided, culturally competent, and trauma-informed SOC, anchored in cross-agency commitment to effective and efficient spending.

#### **EVALUATION**

#### COORDINATION

Facilitate effective
communication, coordination,
education, and training within
the larger SOC and among
local, regional, and state child
serving systems.

#### Workforce Development

Develop, maintain, and support a culturally competent, trauma-informed workforce to meet the needs of children, youth, and young adults and their families.

#### **EVALUATION**

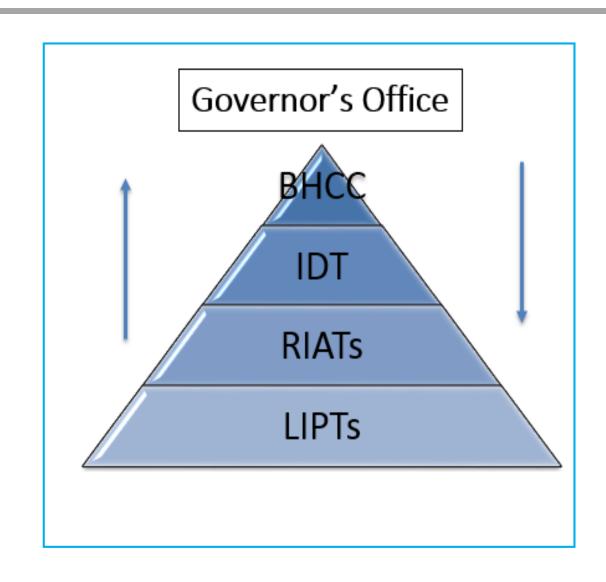

Utilize a framework of measuring and monitoring data on key SOC outcomes to demonstrate and communicate the value of a SOC approach for improving children's behavioral health and support ongoing quality improvement.

## Georgia SOC State Plan – Year 1 (FY 2018)

- Collected data from more than 700 school counselors on school-based mental health.
- Created and disseminated behavioral health services <u>public education materials</u>. (Access, 1.3)
- Created process and baseline <u>measures</u> to track the used of intensive customized care coordination (IC3) services.
- Mapped behavioral health telemedicine services, sites, and resources in Georgia.
- Researched and developed a <u>webpage</u> of recommended behavioral health evidence-based practice (EBP) clearinghouses.
- Conducted a <u>crosswalk</u> of agency member workforce trainings, and identified key SOC workforce competencies to promote.
- Developed initial <u>measures</u> and <u>recommended</u> next steps in order to evaluate the SOC in Georgia.

## Georgia SOC State Plan – Year 2 (FY 2019)

- Pursuing solutions:
  - Shared interagency data hub
  - Behavioral health workforce shortages
- Building and maintaining feedback loops between local, regional, and state systems (Coordination, 2.1)
- Pursuing collaborative funding initiatives
- Finalizing evaluation methods and tools (Evaluation, 5.2)
- Advisory role

## Formal and Informal Input

My role in the organization is not understood.

I helped the peer dream again.

Bring CPSs and managers together so they will know what we do.

Help give us a voice inside our agencies.

Facilitate appreciation and adoption of CPSs and recovery.

Support me with a career ladder so I don't have to become a clinician to move up in the agency.

### 6 Urgent Tasks

1. Create a shared vision for peer services

2. Increase provider readiness and capacity to use peers effectively

3. Develop a career ladders for peers

## 6 Urgent Tasks

4. Enhance
Peer
Supervision

5. DeployPeersStrategically

6. Evaluate Impact
