IMPORTANT ANNOUNCEMENT

BEHAVIORAL HEALTH MEDICAID PROVIDERS

Community Behavioral Health Rehabilitation Services Rate Study

In the 2022 legislative session, the Georgia General Assembly charged the Department of Behavioral Health and Developmental Disabilities (DBHDD) with completing a Medicaid Rehabilitation Option (also known as the Community Behavioral Health Rehabilitation Services (CBHRS)) rate study. DBHDD has partnered with the Department of Community Health (DCH) and Deloitte (a DCH Medicaid actuary) in the completion of this rate study.

DBHDD, DCH, and Deloitte are hosting a special targeted session for CBHRS providers on **Thursday, May 25th from 12:00pm to 1:15 pm** regarding the status of the Community Behavioral Health Rehabilitation Services (CBHRS) Rate Study. Specifically, this session will present the methodology used in the rate study, emerging assumptions applied to the study's content, and preliminary rate recommendations, and then solicit your feedback.

Please note that any actual rate change recommendations are subject to a series of state and federal approvals.
