

1209. Eligible Waiver Services

The participant-directed service model may be selected for any of the following service types. Details of service specifications, provider requirements and licensure, covered and non-covered services, and reimbursement units and rates, can be found in Part III, COMP/NOW Policies and Procedures. Each service is described in a distinct chapter with service definition as well as non-covered items. Individuals and/or their representatives who choose the participant-directed service delivery model are responsible for review and adherence to all service requirements as defined.
