Office of Decision Support and Information Management

Two Peachtree Street NW, Suite 23.402, Atlanta, GA 30303-3142 Telephone 404-232-1295 Fax 404-657-4349

April 29, 2015

To: Chief Executive Officer
Community Behavioral Health Service Provider

From: John Quesenberry, Director 
Office of Decision Support and Information Management

Subject: Service Class Crosswalk for ASO Implementation

The purpose of this memorandum is to notify you of information related to the implementation of the Georgia Collaborative ASO's information system, ProviderConnect. While this information is helpful for all behavioral health providers, this memo is intended to provide specifications to those making changes to local IT systems. This document outlines the structure of the services which will be authorized by the Georgia Collaborative. Please note that the structure of the authorization process will change as we transition from the APS Healthcare (MICP) system to the system supported by Beacon Health Options. Providers should note the changes within.

The above noted changes are described in the following attachments to this letter:

- Attachment 1: FY16 Type of Care & Service Class Crosswalk
 - a. Inpatient Level of Service
 - b. Outpatient Level of Service
- Attachment 2: FY16 Service Matrix - by Service Class & Service Group

Providers should have any necessary modifications to their local systems, tables and/or data collection and reporting procedures in place prior to the documented implementation date.

We request that you communicate the information in this letter and its attachments as soon as possible to the appropriate personnel in your organization, including specifically (a) clinical and utilization management staff, and (b) information system managers, any other staff responsible for authorization (e.g. MICP) and encounter data, and, if applicable, your information system vendors.

Please direct questions concerning to the Georgia Collaborative ASO at GACollaborative@beaconhealthoptions.com. Should you have any other questions concerning this letter, please contact John Quesenberry at john.quesenberry@dbhdd.ga.gov.

As always, we appreciate your cooperation in providing complete, accurate, and timely data concerning the services you deliver.

- NOTES:**
1. Interactive Complexity - These procedure codes are "add-on" codes and may not be used as stand alone services. These procedure codes can only be utilized when in conjunction with Diagnostic Assessment (10103), Psychiatric Treatment (10120), Individual Outpatient Services (10160), or Group Outpatient Services (10170). When used in conjunction with Group Outpatient Services, it is only reported when a CPT code is utilized. It is not necessary to report with the service being delivered is a HCPCS code (code that begins with "H").
 2. comment deleted
 3. This procedure code is an "add-on" code and may not be used as stand alone service. This procedure code can only be utilized when in conjunction with 90839 procedure code.
 4. These procedure codes are "add-on" codes and may not be used as stand alone services. These procedure codes can only be utilized when in conjunction with one of the E&M codes.
 5. Effective 6/1/2013, this service group will be population specific. CSI may only be utilized for children and adolescents (MH or AD). PSR-I and CM may only be utilized for adult mental health consumers. ADSS may only be utilized for adult addictive disease consumers.
 6. ACT: This procedure code is used anytime a multidisciplinary team meeting is held to discuss more than one consumer. See the service guidelines for specific details.
 7. This service is state funded and NOT reimbursable by Medicaid.
 8. Effective 7/1/2015 this is a new service group named Community Transitional Placements.
 9. Effective 7/1/2015 this service group is being discontinued.
 10. Effective 7/1/2015, this service group is being separated into two new service groups: 20306 and 20307.
 11. Effective 7/1/2015, this service group is being separated into two service groups: 20510 and 20516.

Modifiers: GT = Via Interactive audio and video telecommunication systems
HA = Child/Adolescent Program

U1 = Practitioner Level 1
U2 = Practitioner Level 2
