

Please be advised that the *JDTR Unspoken Wounds: Breaking the Silence 2013 Conference* is being rescheduled for later this year. We will communicate information on transferring existing conference registrations as soon as the new dates become available.

The Jail Diversion Trauma Recovery Program's mission remains to provide trauma-integrated jail diversion services for veterans and to train criminal justice, law enforcement, mental health, and substance abuse treatment staff on Trauma-Informed Care.

To stay abreast of conference updates and highlights please visit us online at
